

7 Questions to Ask Your Oncologist

1. What kind of cancer do I have? What is my exact diagnosis?
2. Where is it and has it spread?
3. How many cases like mine have you managed?
4. Is my cancer treatable?
5. Will treatment require surgery, chemotherapy or targeted-therapy?
6. How quickly do I need to make a decision?
7. Where will I go for treatment? Will I be able to drive myself?

These 7 questions will provide a solid foundation and are relevant to all types of cancer.

If you would prefer a customized list of questions specific to your situation, I can work with you to create one for \$97. A customized list will enable you to become more fully informed, increase your confidence, and maximize your appointment time with your physician.

I also offer a complimentary 15-minute get-acquainted call. Call 703-403-7600 to schedule and please leave a voicemail or text if I am unavailable.
